DUAL ACID CLEANER

AN ACID BASED BLENDED DESCALER AND CIRCULATION CLEANER

- For general milkstone removal and descaling
- Provides effective cleaning at normal temperatures
- Performance enhanced if used in hot water up to 85°C

RECOMMENDED USAGE

This product provides effective cleaning at normal temperatures. Performance is enhanced if used in hot water at a temperature of 85°C.
ALWAYS ADD PRODUCT TO WATER AND NOT WATER TO PRODUCT.

For general scale removal use 1 litre of product per 100 litres of water (1%). The solution should have 10 minutes contact time with the equipment. After having used this solution, equipment should be thoroughly rinsed with clean cold water before use.

MANUAL CLEANING:

Apply directly to equipment surfaces at the rate of approx 1-5% and leave for at least 30 minutes before rinsing with clean cold water.

FOR BULK TANKS:

Product can be used at the rate of 500ml / 100 litres (0.5%) or according to tank manufacturer's instructions.

Storage: Store upright and tightly closed in the original container in a cool dry place away from children and animals. Store away from foodstuffs.

Pack Size: 25 & 200 litre

Shelf Life: 2 years from date of manufacture
